**PETITION RESPONSIVE TO THE NOTICE TO FILE CORRECTED APPLICATION
PAPERS TO INCLUDE FIGURE 17 IN PATENT APPLICATION**

Responsive to the Notice to File Corrected Application Papers, Applicant contends that the attached Figure 17 was included with above identified non-provisional application papers as evidenced below:

1. The date-stamped Return Receipt Post Card lists Figure 17 as an enclosure with the application papers (copy attached).
2. The Certificate of Express Mailing lists Figure 17 as an enclosure with application papers (copy attached).
3. The date-stamped Express Mail Receipt for Express Package Number ET28589057 from the U.S. Postal Service. (copy attached).

After review of the above listed evidence, applicant respectfully requests that the office allow the entry of Figure 17 and continue the prosecution of the patent application as originally filed with the original filing date accorded thereto.

Explanation and discussion:

This Application was originally filed on August 1, 2003. The USPTO apparently lost the file. The undersigned attorney was called by Mr. Keith Little of the OIPE who requesting a true and correct copy of the original filing. We complied.

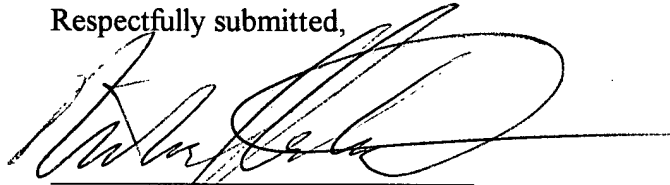

Now the USPTO, despite the above listed evidence to the contrary claims that we never sent Figure 17.

The applicant, for the convenience of the USPTO and in order to further the shared goal of expedient prosecution, files this petition including a copy of the twice previously submitted Figure 17, along with copies of the above listed evidence and replacement drawings for Figures 15A, 15B and 16D in accord with the PTO instructions.

The applicant respectfully requests acceptance of these papers and due course prosecution of this application.

The Applicant hereby authorizes the Commissioner for Patents to charge the Petition fee of \$130.00 to Deposit Account 19-3790.

Respectfully submitted,
